TXT[Drew attention to a letter from the Permanent Representative of the Sudan (S/AC.25/1992/COMM.1280/Add.12) which contained further clarification regarding stopovers in Amman and the extended schedule of flights by Sudan Airways, which had been a source of concern for the Committee.]

ITEM[Letter dated 3 August 1993 from the Permanent Representative of the Sudan addressed to the Chairman
(S/AC.25/1992/COMM.1280/Add.12)]
TXT[His delegation would be prepared to approve the Sudanese application for what was a heavy schedule of flights, if two conditions were met. While the Sudanese were under an obligation to inform the Committee immediately if there were to be any stopovers, they should also allow United Nations inspectors in Khartoum to consult the flight logs of all returning aircraft to remove any doubt that the flights had indeed been direct. In addition, the Committee should be informed immediately when stopovers did occur owing to emergency situations, and flights should be suspended while the Committee considered the specific situation. Once it had done so, it could then approve the resumption of flights.]

SPKR[Wan] MS[DPA] FCT[Secretariat] LANG[1]
ITEM[Communications under the "no-objection" procedure]
TXT[Since the holds placed on requests were usually temporary and
it had been decided by the Committee not to discuss such holds at
Committee meetings, the names of the countries placing the holds
were not on the list. However, he thought that the suggestion of
the representative of New Zealand would be very useful. Regarding
the suggestion of the United States representative, the Secretariat
was concerned that the descriptions of the reasons for objection
appearing in the status list were not sufficiently detailed. Should
the Committee wish to do without the explanatory remarks, the
Secretariat would gladly oblige.]

SPKR[Keating] MS[New Zealand] FCT[Chairman] LANG[1]

ITEM[Communications under the "no-objection" procedure]

TXT[Proposed that both the status list and the explanatory note should be circulated. At the next meeting, the Committee could take a decision on the usefulness of the second document. The next status list would identify the countries which had placed holds together with an indication that they were being identified for the purpose of receiving clarification or additional information.]

SPKR[Aron] MS[United Kingdom] FCT[Member] LANG[1]

ITEM[Other matters]

TXT[At its previous meeting, the Committee had agreed to measures against fraud, including deadlines for expiration of approval letters. Some approval letters still in circulation, however, had been issued more than a year earlier and were without an expiration date. Therefore, he proposed that all approval letters without an expiration date should cease to be valid by a certain date, perhaps 31 December 1993, and that measure should be mentioned in a letter to be circulated to all permanent missions.]

ISSUE[IRAQ/KUWAIT]

SPKR[Rose] MS[United States] FCT[Member] LANG[1]

ITEM[Other matters]

TXT[Strongly supported the United Kingdom proposal and agreed that a deadline of 31 December 1993 would allow exporters to have reasonable notice of the expiration of outstanding letters of approval. That anti-fraud measure would facilitate the enforcement of the sanctions by Jordanian officials, yet would allow legal goods to enter Iraq.]
