TXT[Drew attention to two notes verbales dated 22 and 26 February 1993, respectively, from the Permanent Representative of Jordan (S/AC.25/1993/COMM.359 and 412), transmitting reports on the traffic of food and medical supplies to Iraq through the Ruweished border point, for the periods 11 to 31 January 1993 and 1 to 10 February 1993. TXT[Drew attention to a letter dated 1 March 1993 (S/AC.25/1993/COMM.422) in which the Permanent Representative of Iraq, acting on instructions from his Government, requested the Committee's approval for the release of US\$ 558,913 from Iraq's

frozen account balance at the Bank for International Settlements in Basel, (BIS) Switzerland, so that Iraq could pay its dues to the World Health Organization. He recalled that the Committee had considered two similar cases in 1992. The first case had concerned the possible use by Iraq of its assets held in trust by the United Nations Educational, Scientific and Cultural Organization (UNESCO) to pay its dues to that organization.]

ITEM[Letter dated 1 March 1993 from the Permanent Representative of Iraq addressed to the Chairman (S/AC.25/1993/COMM.422)]

TXT[The Committee had decided at its 80th meeting, held on 29 October 1992, that the question should be determined bilaterally by UNESCO and the Government of Iraq, provided that any arrangements ensuing therefrom did not contravene the provisions of Security Council resolution 661 (1990) and all other relevant resolutions concerning Iraq. The second case had concerned an inquiry by the Legal Adviser of the International Telecommunication Union (ITU) concerning the possibility of unfreezing some Iraqi accounts in foreign countries in order to enable Iraq to pay its debts to an intergovernmental organization. The Committee had considered the matter at its 83rd meeting, held on 15 December 1992, and had decided to inform ITU in writing that nothing in any of the resolutions concerning Iraq affected its membership of international organizations or its payment of membership fees thereto.]

TXT[Drew attention to a letter dated 27 January 1993 from the Chargé d'affaires a.i. of the Permanent Mission of Iraq to the United Nations (S/AC.25/1993/COMM.206), requesting approval for Iraqi agricultural aircraft to combat desert locusts in the border zone between Iraq and the Kuwait-Saudi Arabia frontier. TXT[Then drew attention to a letter dated 26 February 1993 from the Deputy Director-General of FAO (S/AC.25/1993/COMM.417), containing the views of FAO concerning the Iraqi request. The letter indicated that if an upsurge of desert locusts were to materialize, it would be of the utmost importance to be able to initiate ground and air control operations as quickly as possible. The letter also suggested that the Committee might therefore wish to grant authorization under the "no-objection" procedure to the pending request from the Government of Iraq, so that preparations

for operations, should they become necessary, could proceed on an orderly basis.]

TXT[Had consulted on the matter with UNIKOM officials, who had indicated that the UNIKOM terms of reference, which had been approved by the Security Council in its resolution 689 (1991), envisaged normal civilian air traffic in the demilitarized zone, provided that UNIKOM was notified of it in advance. TXT[His delegation understood the concerns expressed by the United Kingdom representative; however, as indicated in the FAO letter, a locust upsurge could materialize on short notice, and once such an upsurge had begun, it might be too late to commence control operations. TXT[His delegation remained concerned at the possibility that a blanket authorization by the Committee for the proposed operations could lead to the resumption of hostilities in the areas concerned. The FAO letter did not specify that FAO aircraft, and not Iraqi aircraft, would be used for the operations. For those reasons, his delegation associated itself with the United Kingdom position.
